HOW TO EDIT

In order to edit the file, you need to have
Adobe Photoshop installed on your system,
and the fonts mentioned in thecredits installed.
As you can see on the right, the layers are well
organized and gropued into folders, which
make editing very easy.So, all you have to do,
is select the layer from the right, and then
edit it with Adobe Photoshop.

That's all! Enjoy.

If you have any questions or need customization, please contact me via e-mail or
through my profile page. I'm here to help!
